Public meeting planned for WIS 60 project in Washington County

The Wisconsin Department of Transportation (WisDOT) Southeast Regional Office is announcing a public information meeting to discuss the reconstruction of WIS 60 between US 41 and US 45 in Washington County. The meeting is scheduled from 4 to 7 p.m. on Tuesday, June 29, 2010 at the town of Polk Town Hall, 3680 Hwy 60.

The purpose of the meeting is to provide an update on the design since the last public meeting in 2008. The meeting will be conducted in an open house format with project exhibits on display for review. WisDOT representatives will be available to provide information and answer questions.

WIS 60 will be reconstructed to a four-lane divided highway. This project will involve improving the safety and operational characteristics of the existing intersections and constructing roundabouts at County C, Tillie Lake Road, the two US 45 ramps and the intersection of County C with American Eagle Blvd. Construction for the WIS 60 reconstruction is currently scheduled for 2011.

Citizens who are unable to attend the meeting, or would like more information may contact Doug Cain, WisDOT project manager at (262) 548-5603. Written comments regarding the project can be mailed to Doug Cain, WisDOT, 141 NW Barstow Street, Waukesha, WI 53187. Town of Polk Town Hall is wheelchair accessible. Hearing-impaired citizens may request an interpreter least three working days prior to the meeting via the Wisconsin Telecommunications Relay system (1-800-WI-RELAY).
